ARTIST TALK: "HISTORY OF ART AND DESIGN IN HIP HOP: 1980 - PRESENT"

March 28th 5:30 pm @ Graffiti Gallery, 109 Higgins Ave.

WORKSHOPS: HAND-DRAWN LETTERFORMS ON PAPER

Participants will explore the process of creating hand-drawn letterforms and graphic designs made from handmade papers and other paper materials. Working completely by hand will promote the concept of free flow thinking and originality.

Artist statement

"Over the last few years I've noticed many of my artist / designer friends making the switch back to hand-drawn typography and letterforms. Drawing and working with hand-made papers and other natural materials has been a great source of inspiration for me, it's a return to my traditional graffiti roots. Hand-drawn lettering is the foundation of all graffiti inspired art. It's beautiful, full of detail, and best of all each work is totally unique."
